TOWN DIRECTORY

AMBULANCE Call 911

Bill & Barbara Arnold, Life Squad Directors

You are encouraged to call 911 to request an ambulance; the Life Squad will be dispatched at the same time.

FIRE DEPARTMENT Call 911

Dana Horne, Chief

Gorham provides emergency dispatch service for Fire, Police, and Life Squad.

RANDOLPH POLICE Call 911 or 466-3950

G. Alan Lowe Jr., Chief

If there is no response from the Randolph Police, contact **State Police at 603-846-3333**.

BUILDING PERMITS, DRIVEWAY PERMITS, SIGN PERMITS 466-5771

A building permit is required when: a building or structure is constructed, relocated, demolished, outside dimensions are altered, or when a project other than normal maintenance is expected to exceed \$4,000.00. The Land Use Ordinance and Permit applications may be obtained from the Selectmen's office or on line at <http://www.randolph.nh.gov/general%20info.htm>.

BURNING PERMITS 466-2332

Becky Boothman, Forest Fire Warden

A permit must be obtained from Becky Boothman or Alan Lowe for any outdoor fire.

CEMETERY

Jim Baldwin & Steve Hartman, Co-Chairman

Our cemeteries are public. Applications for plots can be obtained from any of the Trustees

CONSERVATION COMMISSION

Bruce Kirmmse, Chairman

The Conservation Commission meets as posted. All meetings are open to the public.

DOG LICENSES

Anne Kenison, Town Clerk - see inside back cover for hours

Dog licenses must be obtained or renewed by the end of April each year.

LAND USE ORDINANCE – SUBDIVISION REGULATIONS

The land use ordinance is available at the Selectmen's Office or online at <http://www.randolph.nh.gov/general%20info.htm>.

LIBRARY 466-5408

Yvonne Jenkins, Librarian

Hours: Monday 10 AM to Noon; Wednesday & Thursday 3 PM to 8 PM; Saturday 10 AM to Noon

PLANNING BOARD

John Scarinza, Chairman

The planning board meets at 7PM at the Town Hall on the first Thursday of the month. All meetings are open to the public.

2010 Selectmen's Report

For the second year in a row changes abounded for the Board of selectmen. 2010 started off with Ray Aube continuing to very ably serve as appointed Selectman. The Board thanks him for his dedicated service to the town. In March Ted Wier was elected to the Board and in August replaced Ken Lee as Chairman. Change continued in September when Michele Cormier was appointed to the Board to fill the seat of the retired icon Ken Lee. Fortunately we have 18 year veteran John Turner to keep us in line.

After considerable delay the Carlton Brook Bridge project was completed. Unfortunately the road had to remain closed a little longer then we had hoped and we thank all of you for your patience. The Town now has a bridge that should serve us well for many years to come. It appears that more than one way was used to travel between Route 2 and Durand Rd., and to the residents who put up with this a big thank you!

In May the Randolph Hill Road reconstruction project started in earnest with three engineering firms responding to a request for "Statement Of Qualification." Each firm was taken on a walking tour of the road to better enable them to see the problems and concerns, and asked to return in June with a presentation showing how they proposed to attack the project. All three returned with excellent presentations and after much discussion the Board selected H .E. Bergeron of No. Conway. Following a series of negotiations a final Letter of Agreement was signed in early September.

On August 3rd the first of three Public Input sessions on the road project was held. This as well as the October and December sessions were very well attended and provided much valuable input for determining the final product.

Currently we are on schedule for a late spring start. Next summer will be a very interesting and at times perplexing period, but your Board is sure that with your help and understanding we will get through it; Randolphians are a resilient group. In the end a major road problem will be corrected, saving wear and tear on all Town, commercial and personal vehicles that travel on Randolph Hill Road.

The Town purchased a new heavy duty plow truck in April, and it was decided to keep the old truck as a backup. This will allow flexibility in handling big storms or breakdowns of equipment.

Our perpetual leak at the municipal building was repaired in December. Our thanks go to a local company, Bowman Builders, for coming up with a solution.

2010 was a tough year for the swimming pool area, starting with a washout of the walkway over the dam in early August when 2.62 inches of rain fell in two days. Another washout occurred in early October when we received 2.92 inches of rain in two days, and the final washout occurred in mid-December when 3.34 inches of rain fell in two days and 14.5 inches of snow melted at the same time.

This time the water reached far enough up the slope to capture the raft. So far we have located only a few boards and a float.

As for the roads, fortunately the Road Agent had brushed and cleaned the ditches; for all of us who feel the ditches are too deep, they aren't. The final results of this storm will be evaluated in the spring.

The Board is looking forward to the challenges of 2011 and with your help we can meet them. But remember, if you know of a problem and don't tell us about it, we can do nothing to solve it.

See you March 8th.

The Randolph Selectmen

Auditor's Report

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Tax Collector, Town Clerk, Treasurer, Selectmen, Trustees of Trust Funds, Library Trustees and Forest Commissioners for the fiscal year ending December 31, 2010 and find them correct and in order.

Respectfully submitted:

Philip Guser

Wendy Walsh

Summary of 2010 Town Meeting Minutes

Article 1 the Election of Town Offices, reported above.

Article 2 – To vote by ballot to see if the Town will amend the Randolph Land-Use Ordinance to add a section regarding Wind Energy Systems as recommended by the planning board was approved.

Articles 3 – 9 and 11-19 were accepted as printed in Town Warrant.

Article 10, "Raise and appropriate \$42,668 for PUBLIC SAFETY to include:

4200 Public Safety	
4210 Police	8,700
4215 Ambulance	6,918
4220 Fire	21,300
4240 Elevator Inspection	450
4290-99 Other Public Safety (Dispatch, Repeater, Life Squad)	5,300,

was amended to read, "Raise and appropriate \$38,668 for PUBLIC SAFETY to include:

4200 Public Safety	
4210 Police	4,700
4215 Ambulance	6,918
4220 Fire	21,300
4240 Elevator Inspection	450
4290-99 Other Public Safety (Dispatch, Repeater, Life Squad)	5,300

Article was passed as amended.

Randolph Public Library Report 2010

The Randolph Library continued to grow and settle into our new building during 2010. This year marked the construction of the Garden area in front of the Library. Much planning, preparation, and planting went into this project and we are grateful to the many volunteers that helped. It will be a wonderful sight this spring when that big pile of snow out front melts and we are greeted by a beautiful patio, walkway and garden. Also added this year was a 300+ collection of musical CD's covering a large range of genres. A children's program was added entitled "Hop-Off-The-Bus" which enables school age children to come spend an hour at the library after school on Wednesdays. Children enjoy snacks, stories, games and activities. This is in addition to the Story Hour Program that takes place each summer. Adult patrons enjoyed a fall Artists Film Series during the month of November.

The library was open a total of 14 hours per week with 10 hours of paid staffing and 4 hours of volunteer staffing. Annual usage figures remained steady for 2010 with 1662 visitors and a total circulation of 2632 items. There was a large increase in interlibrary loans of 282, up from last year's total of 177.

The year-round operation and connection with the Town Hall facility brings together many different groups offering a wide range of offerings on a weekly basis. Many of these activities are organized and run by our "Friends of the Randolph Library" group, which continues to support the Library in many ways.

Again, it has been a privilege to serve you as librarian, along with the help of Assistant Librarian Rodney Hayes, and our dedicated volunteers. I extend my sincere appreciation to all the Trustees, volunteers, Friends, and patrons who help make this such a wonderful community resource, and a special thanks to all the children who love to hear stories and make my Wednesday afternoons so enjoyable.

Respectfully submitted,

Yvonne Jenkins

Randolph Police Department
Report for 2010

To Randolph Residents:

Well, one more year gone. Thank you for the calls of suspicious cars, open windows, etc. It helps to keep your eyes open and report license plate number, color and where the cars are.

Mike, Kevin and I are glad to help in any way we can.

Assist	36	Pig	1
Suspicious cars/ persons	12	911 Calls	15
Accidents	25	Court	2
Ambulance calls	12	Investigation	5
Dog	6		
Fires	4		

Gordon Alan Lowe
Chief of Police

Randolph Fire Department
Report for 2010

The Randolph fire Department had a quiet year again in 2010. The majority of the department's calls were for assisting the ambulance at motor vehicle accidents. There were no major fires in Randolph this year. We continue to be active in the North Pac Mutual Aid System assisting other departments in Coos County, with the majority of the assistance going to the towns of Gorham and Jefferson.

The department also continues to hold a Christmas party for the children of Randolph. Once again this was a huge success with the children showing us their talents and receiving a special gift from Santa. This year the party had a record breaking crowd as the town opened its holiday season. A good time was enjoyed by everyone who attended.

As in the past, we are always looking for people to join the Randolph Fire Department. We continue to seek men and women over the age of 18 who are interested in helping in any way. This year the department welcomed one new member.

Again, I would like to thank the members for their continued support and dedication to the town and their department.

As a reminder, the town has chimney brushes which are available for use by anyone in town and can be obtained at the fire department. Another important safety tip for all homes is to remember to change the batteries in your smoke detectors. Another good investment for your home is the purchase of a carbon monoxide detector. Have a fire safe year in 2011.

Respectfully Submitted,

Dana Horne, Randolph Fire Chief

Randolph Life Squad 2010

The Life Squad continues to respond with Gorham EMS to situations in Randolph. The squad calls cover both medical and motor vehicle accidents with the majority this year being medical calls to residents. Please remember, having your house number clearly visible from both directions helps emergency responders find you more quickly.

We would like to say thank you to the Gorham Emergency Medical Service personnel. They always include us in their training and events. We are very fortunate to work with such a dedicated group who deliver quality care.

The squad continues to be in dire need of new members. We are called whenever the ambulance or 911 is called to Randolph. Fortunately, calls average about once a month over the year. Pagers make it easy to be “on call” without being tied to a phone and the cost of training is covered by the squad. Please consider joining us.

Respectfully submitted,

Bill & Barbara Arnold, co-directors

Cemetery Report

There is very little cemetery news to report for 2010. There have been no sightings of moose or bears. No construction activity of any kind. True, there were three cremation burials in the Old cemetery and even one sale of a plot in the New cemetery (no plots available in the Old cemetery: it's full).. But, all in all, life in the two cemeteries has been pretty dead.

There is one activity that deserves a fuller report, however. Last fall we completed a survey of plot layouts, covering the upper tier of gravesites in the New cemetery. The survey provides precise layouts for 249 plots – enough to fill our needs for about 50 years. The survey (done by surveyor Colin Sutherland of Lancaster) gives us an orderly map for developing the upper half of the cemetery. The map is on file at Lowe's, in possession of Suzie Lowe Santos. As you will see from the following paragraphs there are tricky policy issues that involve balancing off freedom of choice for purchasers and preservation of an orderly process of cemetery development.

The size of each plot is a standard 6' x 10', large enough for one "full burial" (i.e. a casket) or several cremation containers. Single plots have been priced uniformly at \$300, the lowest price of several cemeteries we checked within the region. Anyone wishing to have a family area larger than a single plot will need to purchase more than one plot. All plot owners will be expected to buy and install four granite corner markers delineating their gravesite. These granite corner markers can be purchased, and installed, by Nicoletti Memorials of Berlin at a total cost of \$140 (these will show a family identification letter on the upper face; the cost is \$100 without the optional identification letter). In order to help locate individual plots the surveyor has placed some 20 granite markers, plus over 100 metal spikes, in the ground (these locators are also shown on the finished cemetery map).

In order to avoid a higgeldy-piggeldy hodge-podge of grave and headstone layouts the development plan provides for a standard east-west orientation of gravesites for about half the surveyed area. The western half of the area, however, rotates the standard orientation 45 degrees to the south so that graves in that area will face the mountains. Purchasers will be allowed to buy plots in either of the two orientations, although they will be restricted within their section to certain areas to protect the orderly development of the cemetery. Although it is expected that the N-S orientation may be more popular than the E-W orientation, there is very little difference in one's "view of the mountains" during the cold months when the leaves are off the trees!

The above rules are tentative and may have to be modified in the future as we try to balance off competing considerations.

George B. ("Jim") Baldwin, chair
Steve Hartman
Suzie Lowe Santos

2010 Annual Report of the Randolph Conservation Commission

The role of a town conservation commission is to insure "...proper utilization and protection of the natural resources and for the protection of watershed resources of said...town. Such commission shall conduct researches into its local land and water areas....It shall keep an index of all marshlands, swamps and all other wet lands in a like manner, and may recommend to the...selectmen...a program for the protection, development or better utilization of all such areas." (RSA 36-A:2)

The focus for the Randolph Conservation Commission this year has centered on the Route 2 corridor west of Bowman Divide along the Israel River, specifically targeting the wetlands and water-related resources in that area which are not already protected from development.

The RCC has worked closely with the Randolph Planning Board to insure cooperation and consensus between the two local entities. Generally, the Planning Board is supporting the RCC beginning a wetlands survey with the Israel River drainage.

The Commission has contacted Watershed to Wildlife, Inc. "...to identify, assess, map, and rank, water resources and wetlands within the portion of the Israel River watershed..., focusing on the non-conserved areas—approximately 710 acres of the Town." At the time of this writing no definitive action has been taken regarding the W to W proposal.

It is the concensus of the members of RCC that unprotected wetlands should be protected—if appropriate—and that one of the key missions of this body is to insure preservation of the long-range water resources for the Town. We are also agreed that being proactive is vital and to do nothing is an untenable position for the Commission.

Respectfully submitted,

Jim Hunt

Randolph Forest Commission 2010 Annual Report

In May the Randolph Community Forest was selected by the American Tree Farm system's national office for an audit to determine compliance with National Tree Farm standards. Whereas the Randolph Community Forest is one of only a few tree farms in the Northeast in excess of 10,000 acres, the national office was very interested in seeing firsthand the good work taking place on the Randolph Community Forest.

A copy of our stewardship plan was provided to the auditor and on May 21st our forester participated in an inspection of several locations on the Community Forest. The feedback from the audit committee is that we represented the New Hampshire Tree Farm System well, and that we met all compliance standards as required by the National Tree Farm Program.

With the successful acquisition and addition to the Community Forest of the 10 acre parcel of land at the end of Randolph Hill Road the next phase of the Mt. Crescent Trailhead Project is being undertaken to design and construct the trailhead and parking area on this now permanently protected parcel of land.

To further facilitate this process the Forest Commission hosted two public hearings this past summer which were held to elicit input from abutters, residents of the town, and other interested parties as to what features they would like to see incorporated into the final design and construction of the trailhead and parking area. The Forest Commission is also coordinating its design work with the Randolph Mountain Club who have commissioned a trails design specialist to assist in the relocation of the hiking trails as necessary to interface with the parking area and proposed trailhead location. It is anticipated that a final design will be ready for review during the upcoming year.

In August the Forest Commission sponsored the annual Community Forest Tour which was very well attended with more than 30 participants taking part. The tour focused on public awareness and education of projects on the forest and the interconnectivity of a working forest landscape.

After a presentation by our forestry team at the town hall, participants travelled to the end of the Randolph Hill Road and stopped at the newly acquired 10 acre parcel and proposed parking area to discuss some possible design features of this project. The tour then made a stop at one of the portable bridges which are used to facilitate temporary stream crossings for forestry activities. These bridges provide access for logging trucks and machinery to cross perennial streams with the benefit being a much reduced impact to the stream bed than would occur if culverts were installed or permanent bridges were to be built.

Tour participants continued to one of the log landings that had been used during recent winter harvest activities and which had recently been reclaimed through the removal of rocks and stumps and then fertilized and seeded for wildlife. The tour then proceeded to several other harvest areas to review the regeneration that was taking place and to discuss the management and silvicultural practices being implemented by our forestry team.

A final stop was made at a large beaver dam where participants learned about a series of transects which were being completed on the forest. It was explained to the group that the transects were strategically established and located to monitor areas such as wetlands, beaver ponds, vernal pools, Montane forest areas, permanent openings, early successional habitat, dense softwood stands, mature hardwood stands, riparian zones, ledge outcrops, areas of slopes and edge type habitats.

Now that these transects have been established, the Forrest Commission would welcome individuals or groups to propose any projects or surveys that would utilize this valuable study resource.

In September, the Pillsbury Timber Sale located off of the Pond of Safety Road was advertised and shown to perspective buyers, having been delayed one year due to weak timber markets.

Bids were received from several local loggers and the two year contract was awarded to Timberwolf logging located in Littleton, New Hampshire. Work is anticipated to take place this winter with weather and timber markets permitting. The area to be harvested will primarily be located on the eastern side of the Pond of Safety Road and will continue to utilize a management philosophy of creating timber stand diversity through our harvesting techniques.

In other work accomplished throughout the year, our forestry team continued with the administration of the Jim Town Timber Sale, and the closeout work of that completed timber harvest which included installing water bars, cleaning up log landings and seeding skid trails and other affected areas.

In continuation with our wildlife habitat improvement work, 10.2 acres of permanent openings were seeded, and an additional 30 acres of early successional habitat were identified and which will be created as a part of our timber harvest activities. An additional 8 acres of softwood timber stand improvement work was completed which will encourage and improve winter habitat important to wildlife and will assist in increasing habitat diversity in the forest.

We also worked with the Waumbek Methna Snowmobile Club to relocate a snowmobile trail which would better serve the purposes of the snowmobile community as well as provide an additional buffer to several landowners located near the trail.

The new parking area at the entrance to the Community Forest on the Pond of Safety Road has been completed and now provides public parking and access to the western portion of the forest for all user groups.

This year marks the 10th anniversary of the creation of the Randolph Community Forest. The Forest Commission is in the process of making plans to memorialize this event, and will be making public announcements as plans get finalized for this important anniversary celebration.

Planning Board Annual Report 2010

During the year the Planning Board worked on several updates to the Subdivision Regulations. After a public hearing was held the proposed changes were approved by the Board.

The Board is also making several proposed changes to the Land Use Ordinance and which to become effective must be voted upon in the affirmative at the town meeting in March.

- Section 5.01 Lot size. The Board is recommending that land to be included in the 80,000 sq. ft. minimum required for a building lot should be “conjoint” as defined as joined together, united, and combined rather than being scattered throughout the lot.
- Section 3.07. This section defines a driveway but for the purposes of this proposed amendment it updates this section to reflect changes in land use statutes and replaces the term “cluster development” to now read “open space development.”
- Section 3.25. Again a house cleaning recommendation to change the wording from the older standard of “cluster development” to reflect changes in statute to now read “open space development.”
- Section 4.02 (C) Other uses: The Board is recommending adding “maple syrup production” to this section.
- Section 4.03 The Board is recommending that a special exception shall be considered abandoned if there has been no exercise of such activity for a period of 5 years.

In March the Board hosted the annual Municipal Law Update meeting which consisted of a review of any new laws passed by the legislature and an explanation and discussion of how they may affect the future planning and current subdivision and land use regulations as adopted by the town.

This past fall the Board reviewed and approved a minor lot line adjustment between two abutters at the west end of town. This project did not create any new lots or parcels of land but did solve an encroachment issue where years ago a garage had been built too close to the abutting owners property line.

During the year the Board attended to several items involving the Randolph Community Forest. As outlined in the Town Forest Ordinance, the Planning Board has the authority and duty to approve the adoption and any amendments to the Town Forest Stewardship Plan as well as approving the forest management budget as proposed by the Forest Commission.

The Planning Board meets on the first Thursday of each month and the public is invited and encouraged to attend.

December 2010

Dear Friends,

We would like to thank all of you for your support of the North Country Council this past year. We have made a number of positive changes and completed a number of projects throughout the region. Once again, we reaffirmed the Council's commitment to serve community and regional needs.

We continued to deliver planning and economic development services throughout the region. We have continued with our traditional programs in master planning, natural resource planning, Brownfields Assessments and transportation planning, and these will continue to be a focus of North Country Council.

As many of you have seen, there is also a renewed emphasis on energy planning and in partnership with the Office of Energy and Planning; we have offered technical assistance to a number of communities in regards to energy efficiency. We have developed and published regional guidelines for the North Country to assist them in identifying developments of regional impact in their communities.

We continue to be very active in transportation planning and partnering with the Department of Transportation help in developing projects for the Transportation Enhancement funds as well as helping communities develop projects for the Safe Routes to Schools funds. Next year we will begin the process of updating the Transportation Ten Year Plan and hope that many of you will be able to participate.

In economic development, we continue our strong relationship with the Department of Commerce and the Economic Development Administration (EDA) in bringing funding and project development to the region. Two projects that we are very involved with is the reuse of the Groveton Mill and the natural gas and methane pipeline to the Gorham Paper Mill. We also continue to help in the development of incubators in Mount Washington Valley and Grafton County. These, along with other economic opportunities, will continue to be a focus in the coming year.

Again, thank you for all of your support for the Council. I hope that my staff and I can continue to be of service to your community. The Council is here to serve you. It is your organization. Our staff and Board are committed to responding to community needs. If there is a project or a need in your town, please call us. We are dedicated to both supporting our individual towns and promoting regional unity in the North Country.

Respectfully submitted,

Michaël King
Executive Director

ANDROSCOGGIN VALLEY REGIONAL REFUSE DISPOSAL DISTRICT

2010 ANNUAL REPORT OF DISTRICT ACTIVITIES

The AVRDD 2010 Budget apportionment for our member municipalities totaled \$456,700. A surplus of \$245,659.21 from the 2009 budget was used to reduce apportionments with a net budget of \$211,040.79 being billed to the member municipalities. The proportionate share of the credit for the Town of Randolph was \$2,353.87 reducing your gross apportionment of \$5,476.93 to \$3,123.06. Preliminary reconciliation of the 2010 budget shows a surplus of approximately \$209,586.63 being available to credit toward 2011 apportionments. In addition, for 2011, member municipalities will only be billed fifty percent (50%) of their net apportionment due with the other fifty percent (50%) being covered by the Mt. Carberry Landfill Budget.

Our Materials Recycling Facility marketed a total of 2,358.45 tons of recyclables, for the period January 1, 2010 through December 31, 2010, representing \$133,652.68 of marketing income to the District.

For calendar year 2010, our Transfer Station received 2,592 deliveries from District residents for a total of 699.62 tons of bulky waste and construction and demolition debris. In addition, our 274 commercial accounts delivered 267.13 tons of bulky waste and construction and demolition debris and 405.67 tons of wood. Recycling at the Transfer Station consisted of 1,334.22 tons of wood that was processed through a grinder, 422.02 tons of scrap metal 220.80 tons of leaf and yard waste and 327.33 tons of brush which was chipped with the District owned chipper. In addition, 387 refrigerators/air conditioners; 801 propane tanks; 5,131 tires; 21,280 feet of fluorescent bulbs; 957 fluorescent U tubes and HID lamps; 474 pounds of ballasts and 59.88 tons of electronics were recycled. We also received 2,340 gallons of waste oil from our residents which was used in our waste oil furnace to heat the recycling center. Transfer Station recycling income totaled \$49,244.75. The Recycling Center and Transfer Station are operated, under contract with the District, by FERCO Recycling, Inc. of Berlin.

Election of officers was held at the District Annual Meeting in April 2010: Linda Cushman of Jefferson was re-elected Chairman; Ray Aube of Randolph was elected Vice Chairman and Clara Grover of Errol was re-elected Secretary-Treasurer. Other District Representatives are: Allen Wentworth of Dummer, Yves Zornio of Gorham, Thomas McCue of Berlin, Paul Grenier for the Coos County Unincorporated Places, Mickey Miller of Milan, Winston Hawes of Northumberland and George Bennett of Stark.

In June, the District conducted its nineteenth annual Household Hazardous Waste Collection Day. The collection was held at the District Transfer Station with 279 households participating. The project was funded through the District Household Hazardous Waste Fund with a \$20,000 payment from the Mt. Carberry Landfill Budget. No assessment was made to the District communities. In addition, a grant from the State of New Hampshire reimbursed the District at nineteen cents (\$.19) per capita. The next Household Hazardous Waste Collection Day will be held Saturday, June 4, 2011 at the District Transfer Station.

2010 was the eighth year of operations for the AVRDD- Mt. Carberry Landfill. Since purchasing the landfill in December 2002, no assessments have been made to the District municipalities for Mt. Carberry Landfill operations, with income raised through landfill tipping fees covering operating expenses. The landfill is operated, under contract with the District, by Cianbro Corp.

Board of Selectmen
Town of Randolph
107 Durand Road
Randolph, NH 03570

Dear Selectman:

Tri-County Community Action is requesting **\$600.00** in funding from the Town of Randolph to help support its Community Contact Program. Community Contact is the field services arm of the Tri-County CAP. Our purpose is to assist low-income, elderly and handicapped persons to solve problems and meet their physical and financial needs. We accomplish this by providing information, counseling, referrals, budget counseling, guidance and organizational assistance and by effectively linking households with CAP assistance programs and using community resources.

Below is a breakdown of assistance that the CAP Community Contact office provided to Randolph residents over the last year:

	<u>HOUSEHOLDS</u>	<u>DOLLAR AMOUNTS</u>
Fuel Assistance 2009-2010	8	\$ 7,182.00
Food Pantry (Average 2 households@ month over the program year)	2	
Electric Assistance 2009- 2010	2	\$ 894.00

Housing, Economic &
Community Dev
(603) 752-7001

Community Contact provides necessary services for the less fortunate citizens in our communities, who would otherwise have to seek help from the town. We are depending upon funding from your town and neighboring communities countywide. The local funds are combined with the Community Services Block Grant, Fuel Assistance and NH Emergency Shelter Grant, Homeless Program and FEMA. We also are the conduit through which the USDA Surplus food gets distributed to food pantries, including our own, throughout Coos County in order to serve our residents.

If you have any questions, please don't hesitate to give me a call at 752-3248.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Baillargeon".

Randolph, NH 03593

RE: White Mountain Regional Airport

Dear Select Board,

On behalf of the White Mountain Regional Airport Commission, I am respectfully requesting \$ 255.00, calculated as 0.75 peer capita, from the Town of Randolph to support the operations of the airport.

I am pleased to report that 2010 was a very productive year for the airport. Ed Stevens from Dalton, was selected by the Commission as the new Chairperson starting December of 2010. Stimulus funds were awarded that will provide for ramp improvements and new equipment shed. Both construction projects will begin in the spring of 2011. The Commission is also examining the feasibility of a jet fuel farm to accommodate larger aircraft and emergency aircraft coming into the area. This would expand commercial opportunities for the North Country. Capital improvements keep the facility in top shape; however, funds for daily operations are dependent on our local municipalities and our own fund raising efforts.

Your support is greatly appreciated.

Sincerely,

Joni Gray
Treasurer MWRA

Mt. Washington Regional Airport, 7 Jefferson Rd, Whitefield, N.H. 03598

December 1, 2010

Chairman & Members of the Board
Randolph Board of Selectmen
Durand Road
Randolph, NH 03593

Dear Mr. Chairman and Members of the Board:

Northern Human Services' The Mental Health Center in Berlin respectfully requests that the Town of Randolph continue its support of this agency through an appropriation in the amount of \$339.00 at the 2011 Town Meeting. This amount represents a \$1.00 per capita contribution based on figures from the most recent census. These funds will be used exclusively for the support of outpatient services provided through The Mental Health Center.

Over the past 44 years this agency has provided mental health services to hundreds of people living, working, raising families and going to school in the Androscoggin Valley area. Outpatient mental health services are not funded by state or federal dollars. They are expected to support themselves through client fees, third-party insurance payments, and through local support such as contributions from towns, cities and the United Way. In order to make these services affordable to all persons in need of them, fees are adjusted according to the recipient's ability to pay. Your present and past appropriations have enabled us to follow this practice, and your support this year will assure its continuance. We see these services as the backbone of our community's mental health efforts and as essential in the prevention of more serious emotional, social and community problems.

We fully appreciate the pressures, financial, social and emotional, that all sectors of our local communities are experiencing at this time. These pressures are resulting in a significant increase in persons seeking our services at a time in which there has been a severe erosion of the health insurance base supporting providers such as us. More than ever we need your ongoing assistance to continue to provide your citizens with the care they are seeking.

Gorham Community Learning Center

2011

11

To the Town of Randolph:

The Gorham Community Learning Center has served children from the Gorham, Shelburne, and Randolph communities since 1978. We provide fully accredited year-round child care, preschool, toddler and school-age programs. We have been a self-sustaining not-for-profit corporation since 1987. The recent economic downturn in our community and beyond has had a severe financial impact on our programs' ability to meet our financial commitments while maintaining our high quality standards. Donations from United Way, County Incentive Fund, and fundraising efforts have decreased over 75%. As a result, our current cost per child for a full day child exceeds our current daily tuition rate of \$33 per child. To remain accessible to all families we cannot pass these increases on to them. For the first time ever, we have had to turn to you, the taxpayers for help in sustaining our essential programs. The money raised through our petition article will be used to offset a portion of the increases in operating expenses.

In 2010 GCLC served 98 children residing in the GRS school district. These preschool children will enter kindergarten with an excellent foundation of social, physical and pre-academic skills that the schools can build upon. As part of an excellent collaborative relationship, both the GCLC and the Ed Fenn school are teaching from the same handwriting and phonics curriculum. Other educational enhancement programs between GRS school district and GCLC such as "Reading Buddies" and "Transitioning to Kindergarten" provide enrichment to the children at no additional cost.

The programs of the Gorham Community Learning Center are critical not only to the students who use our Center, but to the community and ultimately to the Valley as a whole. An overview of the results from 19 quality care and education studies shows that children who participate in high-quality programs are more likely to be successful in school. Investing early in a child's life by building a good foundation for learning can save taxpayers a tremendous amount of money. Investing in quality preschool saves \$7.16 for every \$1 invested. Your \$1,500 support could potentially see \$10,740 in savings in the long run.

Business leaders know an investment in childcare is not just a nice thing to do – it just makes good business sense. It is a decision that helps them recruit from a larger talent pool; retain committed and motivated workers; and be more creative and productive. Employers find that effective early care and education programs can be critical to their success by helping companies recruit and retain workers, improving workers' productivity, and reducing absenteeism and tardiness.

It is with your support that we will be able to continue to provide our quality programs that our children deserve and parents expect.

*Executive Councilor
District One*

REPORT TO THE PEOPLE 2011
Ray Burton, Executive Councilor

Writing this report to the citizens of District One is always an interesting undertaking to try to condense on one page a quick look at where your NH State government might be headed in 2011 and the years ahead.

There have been significant changes in the membership of the Legislature and Executive Council at the NH State House. This coupled with a serious lack of money to accomplish basic needs as currently being delivered will certainly present challenges for NH House and Senate members. My suggestion is to stay in close touch with your local Senators and House Members. To find your local State Senator and House Members go to: <http://gencourt.state.nh.us/house/members/wml.aspx>
Another good source for information is your local library or Town/City Clerks Office.

This is the planning year for the 10 year transportation plan. Highway, rail, aviation, and public transportation projects are all a part of the hearing process that the five Executive Council members will be holding. Hearings are held in each of our Districts. Local information from the area regional planning commissions is key to having successful projects included in the proposed plan which is delivered by law to the Governors desk by December 15, 2011 and then by law to the NH House and Senate by January 2012.

I cannot emphasize enough the urging of local citizens to volunteer for the dozens of volunteer boards and commissions which the Governor and Council are required to find individuals to serve on. For a list of those commissions go to: <http://www.sos.nh.gov/redbook/index.htm>. If you are interested in serving send your letter of interest and resume to Jennifer Kuzma, Governors Office, 107 North Main St., Concord, NH 03301. Tel: 603 271-2121.

There are three District Health Councils in District One that meet 3 times a year to hear directly from the Commissioner of Health and Human Services. If you are interested in being added to this list send your email address to me at ray.burton@myfairpoint.net.

As always, my office has a supply of NH Constitutions, official tourist maps and other information about the Executive Council. I am always available to speak with local groups.

It is an honor to represent your region.

BOARD OF ADJUSTMENT

Paul Cormier, Chairman.

Call the Chairman for dates and times of meetings. All meetings are open to the public.

ROAD AGENT

Mike Gray, Road Agent

Please notify The Road Agent at 586-7840 if you have any issues or concerns with the road conditions.

SCHOOLS

Randolph is part of the Gorham, Randolph, Shelburne Cooperative School District. District information can be found at the SAU20 website www.sau20.org.

SELECTMEN 466-5771 Selectmen@randolph.nh.gov

Ted Wier, Chairman

The Selectmen meet the second and fourth Mondays of the month at 7 PM. Please contact the office to set up an appointment to meet with Selectmen. All meetings are open to the public.

TOWN FOREST COMMISSION

John Scarinza, Chairman

The committee meets at 7PM at the Town Hall on the first Wednesday of the month. All meetings are open to the public.

TAX COLLECTOR 466-9856 TaxCollector@randolph.nh.gov

Scott A. Robinson

The tax collector is available by appointment, or you may pay your taxes at the Town Office during regular office hours, Monday – Friday 8:30 a.m. to 12:30 p.m.

TOWN CLERK 466-5771 TownClerk@randolph.nh.gov

Anne Kenison, Clerk; Suzanne Lowe-Santos, Deputy Clerk

The Town Clerk (or Deputy) is available at the Town Hall from 9 AM to 11 AM every Monday, and 7 PM to 9 PM every Wednesday. Please arrange to do your business at these times.

TRASH COLLECTION

Collected **every Tuesday**, beginning at 7 AM.

- Do not put out trash before Tuesday Morning – it attracts bears, crows, etc. Please make arrangements for someone to put out your trash if leaving Town before Tuesday.
- Do not place hazardous waste in your trash; there will be a special collection at AVRRDD, usually in June.
- It's illegal to place unprotected hypodermic needles in trash – use sharps containers and drop off at Androscoggin Valley Hospital.
- Permits are available at Town Hall to take bulky waste, refrigerators, air conditioners, or tires to the AVRRDD facility on Route 110 in Berlin.

RECYCLABLES COLLECTION

Recyclables must be separated and are collected on the **first Saturday** of each month beginning at 7 AM. Recyclables can also be dropped off at the AVRRDD facility on Route 110 in Berlin. **See the**

Town Website <http://www.randolph.nh.gov/general%20info.htm> **for more information on recycling or pick up a brochure at the Town Offices.**

TOWN HALL

Rodney Hayes, Administrative Assistant
